INSTRUCTION MANUAL FOR 12 GAUGE OVER & UNDER SHOTGUN

INSTRUCTION MANUAL

Thank you very much for your confidence in our products, and thank you for purchasing our 12 gauge over & under shotgun, Tiger head Brand.

Tiger Head Brand 12 gauge over & under shotgun is elegant in shape, the mechanical functions are reliable and the firing accuracy is very good. It is easy to assemble, disassemble, and maintain.

Our shotgun is manufactured by using high quality steels, and the barrel is made from special gun barrel steel. During production strict quality control is exercised and its quality is ensured. **NOTE: Do not use steel shot in this gun. The use of steel shot will damage the barrel and will void the warranty.**

SAFETY FIRST

Firearms can be dangerous and can cause serious injury or death. Proper and safe firearms handling is the responsibility of anyone who touches or uses a firearm. Safety has to be the primary consideration of anyone handling a firearm.

When purchasing a firearm, you assume responsibility for its safe use, storage, and transportation. Particularly, it is critical that firearms be kept from unauthorized use, and this includes children. Your responsibility also includes, but is not limited to, the need to protect yourself and others from injury resulting from the misuse or abuse of a firearm.

Treat all firearms as if they were loaded.

Always be aware of where the muzzle is pointed.

Carry your firearm in a way that will preclude accidental injury to yourself or others in the event you should stumble, fall, or drop the firearm.

Before shooting, make certain the barrel has no obstructions.

Do not allow the firearm or ammunition to be left unattended. Secure both the firearm and ammunition from access by unauthorized people, including children.

When shooting, always be certain that the area beyond the target, including the backstop, is clear and safe. Also make certain that shots fired present no safety hazards for yourself or others.

Always use both ear and eye protection when shooting.

Always use factory loaded ammunition designed for and intended to be used in the firearm you are shooting. It must be the proper caliber and type for your firearm.

Always understand the proper operation of your firearm, and never allow the firearm to be used by any one who does not understand how to use the firearm properly and safely.

Never pass a firearm to another person unless the action is open and the firearm is in an unloaded and safe condition. Never put your finger into the trigger guard until you are ready to shoot.

When not using the firearm, ensure that it is unloaded.

Store your firearm unloaded and in an area which is secure from unauthorized access. Furthermore, store

ammunition separately in an area secure from unauthorized access.

SAFETY WARNING:

Discharging firearms in poorly ventilated areas, cleaning firearms or handling ammunition may result in exposure to lead and other substances known to cause birth defects, reproductive harm and other serious physical injury. Have adequate ventilation at all times. Wash hands thoroughly after exposure.
